

ŞONA CHURCH PLANT & SATURDAY CLUB

The Christian Club "Kids Joy" at Şona started activities in 2017, with a children's holiday club organized in August. It lasted 5 days and had around 30 participants. In the Christmas period together with help from Operation Christmas Child we could offer presents for around

100 children from the local school. We named these "Boxes of Joy". After we gave the presents we invited the children to come to church, which was just a basement room at that time. We did this every year until November

2021, when the building of the Pentecostal Church in Şona was inaugurated. Since then we are meeting with the children upstairs in the church building. During our meetings the numbers of the children varied. The maximum number we had was 59. We wish to thank Reach 2 Romania from UK, to all the donors from Romania, and the volunteers that are involved in this ministry.

STUDENT NEWS FROM CORNEŞTI

The two students we help to sponsor are now in year 2, semester 2.

Celis [left] studies Social Work. Last semester she had 56 hours placement working in drug prevention. She passed her exams, and this semester she has to choose her next work placement in a different area of expertise. Stefan [right] had a difficult first year as he suffers from cystic fibrosis. But his medication has been changed, and year 2 is progressing well. He has good health, to cope with a lot of study in mathematics, physics and information science. **Ed.**
