

CORNEȘTI

In November there was a baptism service at church, on a day when it was snowing heavily outside! Congratulations to Roxana, who helped lead the camp last summer.

We did not have any printed boxes for the Christmas presents in Cornești this year, so we used plastic bags instead. There was a presentation to the children at church. But due to a cold bug, a large number of

kids were absent on the day, and so presents were also taken around the village and delivered to homes. *'We made 60 packages for the children at church and all the kids that came to summer camp, who are not part of church. We gave train sets to the Vasilca and Moldovan families, as they have a lot of young children. We made 15 packages for the children at Șona, and also donated the boxes of ladies clothes there. We gave presents and sweets to Taureni, north of Luduș.'* *Virginia Rusu*

We used the Christmas delivery pallet to also send materials for Timișoara, and Tg-Mureș.

2017 HOLIDAY CLUBS

We have agreed 14-16 August for a holiday club in Cornești, continuing on 17-18 in the village of Șona. In February I visited Șona for the first time with Paul my translator. I told a story and we gave the children cake and juice. The new church is still under construction, and if not completed in time we will have to pray for dry weather to meet outside in August. **MW**
