

## Greetings from Fundația Emanuel Betania in Teiuș

### KINDERGARTEN

*We had a blessed time with the children during the Christmas period, not only doing things for them, but also for others.*

*This year we decided to do a practical ministry, so our kids made presents for the poor kids in town. On Christmas Eve we went with the parents and children to sing carols for some very poor families. It was a nice experience for the children, and they were amazed to see such poor houses and how other kids live. They were so happy to give presents to these children.*

*As well as education in the kindergarten we seed Bible values in their hearts. There was a big opportunity with the Christmas program and also ladies day on 8 March when we made a special program for parents; so that the parents could find a love that brings them close to the meaning of true love and peace that they can find only in God. [photo - hand painted mugs for Ladies day] We do not know what future will bring, but for sure we know these children know how to pray, and now they are in isolation at home they put their whole family to pray. So we are very thankful to God for the time we could give them a Hope, and to know where they have to run when they need help!*

### DISABLED AND POOR CHILDREN'S PROGRAM

*Thursdays are a very important day for the disabled children, a time when they are free from home, to belong to a group where they are able to show what they know, where other people listen them, they can make a noise, they can run, play outside, inside, they can sing, draw, eat... a good time that they wait for like*

*fresh bread every week.*

*We continue to have Vasile and Andreea to lead them.*

*Vasile spends a lot of time with them for sport activities, art and cleaning;*

*and Andreea helps the*

*children with homework, craft, and feeding them. We had a blessed time at Christmas - they were so happy for the puppet show and presents. Pray for this time when we can not see them, it will be a hard time for them, and also for their mothers.*

### KIDS FROM [Mission Without Borders](#) PROGRAM

*We visit the children quite often. They get a delivery once a month of food, cleaning detergent, medicine, and hygiene materials. They come for different activities we run, for sport on Thursdays, and also they were present for the Christmas program. We hope for a summer camp too, but it all depends on the situation with the virus evolution. So we pray for good times, health and protection over all!*
