

## CORNEȘTI Continued

Mihaela Rusu has planned the Cornești camp program for the last few years. This is what she writes: *“I was very happy that 12 children from the village who do not take part in church programs attended every day of camp. I was glad for your presence [Martin] and Ruth at camp. For your beautiful stories that the children still remember today when I meet them. I was glad to involve the leaders in planning and leading, and the whole camp came out very well, exactly as I planned. And today I am happy for the fruits of the camp: the majority of children now go to church programs. Thank you for the support you gave us. We pray for you!”*
