

## TIMIȘOARA SUMMER CAMP

*'We had a year full of challenges during the Sunday school weekly meetings, but we continued to pray and ask God for His vision for the summers camps. After a lot of praying and discussions we decided that we will have a children's camp and separately a teenager's camp; at the village of Șiștarovaț in July 2019.*

*The first week was with the teenagers because we wanted to have more energy for them. The name of the camp was "A new beginning" and it was inspired from 1 Corinthians 5:17. 80 teenagers participated together with 20 leaders [above]. As usual we had a special time for Bible study and prayer meetings. In the evenings we had some special guest speakers. In the day we had photography, electronics, painting and medical workshops. The Lord surprised us on the last day of the camp when the teenagers led the worship service from their own initiative. The children don't require so*

*much energy. Their camp was named "The explorer from Egypt" and it was for 110 children aged between 7-12 years [above right] together with 34 leaders [above left]. We sang and prayed, organized Bible reading time and study in groups by age. We also had various daily workshops: craft, medical, painting, cooking, and a music workshop. We had a fun time during the day with sports, team games and a treasure hunt. We are grateful for what the Lord did during these two weeks in the life of the teenagers and children, and we were amazed that so many new leaders emerged for the summer camps. We also want to thank everybody who supported us with their prayers and everything that you sent for the ministry from Timisoara. God bless you, **Paul Kiss***
