

# LOTS OF KIDS AT ŞONA HOLIDAY CLUB !

This project is a great outreach work amongst un-churched kids. Every year we have more children than the year before. We began in 2017 with just 21 kids. This year we had about 40 children. But they weren't the same children every day, so across the week we had 53 different kids !

The youth leaders from Corneşti organised the holiday club in Şona, and Reach 2 Romania provided £400 for craft materials and daily lunch. We had T-shirts left over from the cancelled year of Covid. We were not sure how many leaders would be available, or whether they would have jobs and be away from home. But in the end we had a big enough team. They organised the daily bible theme, presented with laptop and projector, and all the outside games were new this year.

The weather was hot and sunny. The program followed the usual pattern of singing, a story, understanding a bible theme for the day, games outside, craft work and drama. It is always a joy at Şona to see parents and grandparents arrive early to collect children and then sit to watch the afternoon program.

This doesn't happen anywhere else. We play games outside the village community centre, next to an old fortified church. **Ed.**
