

TIMIȘOARA SUMMER CAMPS

The children from the Elim Church in Timișoara [above] went to camp in Cugir at the end of July, and the teenagers [below] had their camp at the same location in August. Over the last year there has been a big turnover of teachers from the Sunday School, and so some of the other young adults in church came to help lead [right].

This was the first year that the church did not contribute to the costs, so arrangements were more modest than in previous years. As at Șona, there were enough of our T-shirts for everyone, left over from the cancelled Covid year.

Many thanks to 'One+All', Stockport, for the donation of shirts. [Ed.](#)

OUR CHANGING PROJECT MAP

Material aid stopped at the end of 2020 due to Brexit. This has led to a reduction in what we are able to do going forward. The map shows green where we are continuing with financial support, red where we have ceased material support, and yellow where we have begun work in 2022. [Ed.](#)
