

Each year we find sponsors for students from Cornești. Finishing their teacher training in 2021 were Dana Vasilca [left] and Dina Moldovan [centre]. Dana is now studying for a Masters and works part time at <https://www.facebook.com/fundatiabuckner.romania> a children's foundation in Tarnaveni.

Dina is working as a kindergarten teacher near Iernut.

Ionel Moldovan [right] finished studying robotics and is now working in Cluj.

Starting year 1 last September:

Stefan Moldovan studying electronics [left], Ceresala Rusu studying social work [centre] and Silviu Vasilca studying automation and computing [right].

We support Cornești because it is a rural area with hardly any employment opportunities **Ed.**
